AGS Four Winds Korea

AGS was founded in 1974. Over the last 47 years, the Group has established a network of 148 locations covering 97 countries throughout Europe, Africa, Asia and the Middle East. AGS offers a complete single relocation solution for local, national and international moves to and from anywhere in the world. We offer tailored relocation services that ensure the success of our clients' missions. We offer records management services, on par with the highest of international standards, that ensure our clients records are safe and easily accessible. The Group's clients include corporate executives, diplomats, and civil servants as well as private individuals of all nationalities.

CTL Customs & Logistics Group

Founded in 1999 by veterans of the Korea Customs Service, we are a full-service customs broker providing our clients all import and export customs services. And we provide our clients important customs systemrelated business optimization services. CTL has consistently received the highest rating among all full-service customs brokers from the Korea Customs Service for customs compliance and accuracy. CTL pioneered online customs clearance for Korea in 2002. Our C-Platform system and our expertise enable us to deliver customs clearance faster and more accurately than all other customs brokers in Korea, while supporting our clients' lead time management.

EQUALBASE DEVELOPMENT LLC

Since 2009, Equalbase has led the way to better investment solutions that address socio-environmental challenges by creating sustained value through sustainable means. To us, supply chains are links for the greater good. It is our proprietary rendition of specialty commercial and industrial real estate assets and investments. At Equalbase, we forge engineering science and innovation with industrial real estate investment opportunities. To this end, we help global brands address their climate change questions. It's all about smarter energy generation, water conservation, waste management and carbon emissions. Equalbase is all about business affirmative action and collective activism. We are beyond green labels and stamps. Our ethos makes us an employer of choice, an investment attraction and a good friend.

Samsung SDS

About Cello Square

IT is a platform with which small, medium, and large companies can make the visible traceability of the logistics process in a technological, simple, and safe way. Within the platform, any company can schedule cross-border or ocean shipments indicating the type of cargo, collection and delivery point, and weight, streamlining and simplifying the process of contracting logistics services at an affordable cost. Cello Square is a product of Samsung SDS, the logistics arm of one of the most reputable conglomerates worldwide, which provides solutions in digital logistics and supply chain services such as foreign trade, local distribution, warehousing, and customs clearance.

About Samsung SDS

Samsung SDS was founded in 1985 and has been leading cloud and digital logistics business. Samsung SDS builds optimized cloud environment with Samsung Cloud Platform specialized for business, provides all-in-one management service based on 40 years of expertise in each industry, and innovates customer experience with its Software-as-a Service solutions proven successful in many use cases. With its digital logistics platform, Cello Square, Samsung SDS also provides comprehensive logistics services that covers supply chain to global logistics execution tailored to the needs of customers, based on its long-standing IT expertise.
