Energiewende – New Horizons
#betc2019

The inspiring dialogue on the global energy transition continues with high-level participants from politics, industry, science and civil society with a special focus on:

- integrated energy transition
- geopolitics
- digitalisation
- structural change

www.energydialogue.berlin
Accelerating an innovative energy transition integrating all sectors

More than 2,000 international decision makers came together during the two-day conference to discuss the fundamental transition of the global energy sector.

Highlights of the Berlin Energy Transition Dialogue (BETD) 2018
Participants discussed innovative concepts and shaped the political discourse:

- 50 official state delegations
- 37 government-to-government dialogues
- 27 business-to-government dialogues
- excellent networking opportunities
- 140 international journalists reported from the conference

THE GREEN ENERGIEWENDE SOFA
@greensofa_betd betd2019

The Green Energiewende Sofa is the icon of the Berlin Energy Transition Dialogue. It travels the world and collects statements and views on the #Energiewende at major conferences and events.

- 30+ stops, 500+ VIPs, 3,000+ visitors
- 10 million social media reach
- 120,000+ km of travelling (carbon offset)
Guided tours – experience how the energy transition is becoming a reality!

- 10 fascinating guided tours with more than 130 participants to the hubs of the German Energiewende
- Meet visionary entrepreneurs, technology developers, leading researchers and energy experts
- Topics include: renewable energy technology producers, self-sufficient energy communities, energy suppliers, self-driving vehicles and future mobility concepts, and a variety of energy-efficiency applications

Women’s Lunch

- Fostering the female voice in the energy transition
- Peer-to-peer exchange among leading female energy experts
- 125 international participants in 2018

Networking event of the Federal Ministry for Economic Affairs and Energy

The German Energy Solutions Initiative of the Federal Ministry for Economic Affairs and Energy gathers together interested participants of the BETD to learn about German-made climate-friendly energy solutions and connect them with German company representatives.

Meet German industry!

- Organised by German energy associations
- In-depth knowledge from energy experts
- Wide variety of energy-transition-related topics

Evening reception of the BETD & Start Up Energy Transition Award ceremony

The evening reception is one of the highlights of the Berlin Energy Transition Dialogue, serving as the melting pot of the Berlin Energy Week. Guests of the BETD come together with the Start Up Energy Transition Tech Festival participants to witness the recognition of the top start ups from the Start Up Energy Transition Award.
The conference sets the stage for the Berlin Energy Week over the course of one whole week, unique hands-on experiences of the energy transition, along with official side events and guided tours, receptions, business-to-government formats, workshops and conferences bring together the who’s who of the global energy transition.

- More than 30 cutting-edge sessions and events
- High-level participants from politics, industry and the tech scene
- Excellent networking opportunities

In 2018, the Berlin Energy Week comprised the following events:

- EventHorizon – Global Summit on Blockchain Technology in the Energy Sector – is the annual event centred on energy blockchain solutions for a future based solely on renewable resources.
  - www.eventhorizon2018.com

- The Urban Energy Forum discusses issues regarding the energy transition in urban environments at international level. Global and Berlin-based enterprises and experts review and discuss the latest trends in sector coupling in urban areas providing an extensive B2B platform for energy businesses.
  - www.urbanenergyforum.com

The Start Up Energy Transition Tech Festival is an outstanding opportunity to mingle with high-level international decision makers, business leaders, investors, entrepreneurs, blockchain experts and ambitious fresh minds.

- www.startup-energy-transition.com

The Berlin Energy Transition Dialogue is hosted by the German Federal Government and is a joint initiative of the German Renewable Energy Federation (BEE), German Solar Association (BSW-Solar), German Energy Agency (dena) and eclareon.

Concept & design: Heinrich & Hannot GmbH

The Dialogue continues in April 2019!
